- **21** Medical practices
- **98** Physicians
- **248,047** Patient care encounters at our hospital and clinics

ALICE HYDE MEDICAL CENTER KEY INITIATIVES

- **Expanding access to primary care:** Our addition of Malone Medical Practices on Clay Street expands Alice Hyde's footprint in Malone, with a location just off Main Street. It further strengthens our Primary Care team while keeping our community healthy.

- **Strengthening recruitment and retention efforts:** With the transformation of our Medical Staff Office, we can better leverage our Network’s ability to attract and retain talent, streamlining our credentialing and reappointment processes, and ensuring our clinical groups have the support they need. Additionally, The Alice Center’s Certified Nurse Aide Training Course, which offers prospective candidates the opportunity to train on-the-job and step directly into a full-time position at our nursing home, is a focused response to the widespread recruitment and retention issues throughout health care.

- **Enhancing the quality and efficiency of care:** Capitalizing on the implementation of the Epic electronic medical record system, we are taking a huge step toward creating a seamless patient experience for patients in The UVM Health Network. This system is an important tool in our efforts to improve the quality and efficiency of care by giving providers their patients’ most updated medical information.

- **Commitment to building a diverse and dynamic workforce:** We continue to work toward becoming a more diverse, equitable and inclusive (DEI) organization with the completion of a confidential cultural assessment, ongoing educational opportunities and planned training for leaders. Advancing our DEI work is key to fulfilling our mission to best care for our patients and each other.
Working together, we improve people’s lives.

Our goal is to improve the health of people across Vermont and Northern New York by integrating patient care, education and research in a caring environment.

Our locally led, non-profit Network is working to preserve access to care that our patients and families need by focusing on wellness, in addition to disease prevention and treatment, while controlling costs.

OUR INTEGRATED HEALTH SYSTEM

- Academic Medical Center, an alliance of UVM Medical Center, the Robert Larner M.D. College of Medicine at the University of Vermont and the UVM College of Nursing and Health Sciences
- 5 Community Hospital Affiliates
- Network Medical Group
- Home Health & Hospice Agency
- Federally Qualified Health Center Partner
