25
Licensed hospital beds

6
Health centers

43
Physicians and advanced practice providers

73,235
Patient care encounters at our hospital and clinics

ELIZABETHTOWN COMMUNITY HOSPITAL KEY INITIATIVES

- **Elizabethtown Community Hospital's Ticonderoga campus** has been transformed from the former Moses Ludington Hospital into a 24-hour emergency department and outpatient center with imaging, laboratory, physical therapy and specialty physician services. A new primary care clinic, completed in 2020, as well as skilled nursing and long-term care facilities are also available, bringing together a range of services in one convenient location.

- **Expanding specialty physician clinics** at our Elizabethtown and Ticonderoga campuses is a top priority. Many patients from nearby communities would otherwise have to travel more than 40 miles for the services provided, such as cardiology, oncology, gastroenterology and colorectal screening, women's health and orthopedics.

- **The recently launched Community Friendship Volunteer Program** aims to relieve social isolation and benefit the health and well-being of seniors in our community. The program pairs volunteers with older adults in need of non-clinical assistance and complements the age-friendly care we provide at Elizabethtown Community Hospital.

- **A new electronic medical records system** will soon be brought online at Elizabethtown Community Hospital. The new system will mean providers will have quick and secure access to a more complete picture of a patient's overall health. Patients will experience more seamless care between hospitals, primary care providers and specialists locally and across the UVM Health Network.

THE University *of* Vermont
HEALTH NETWORK

Working together, we improve people's lives.

Our goal is to improve the health of people across Vermont and Northern New York by integrating patient care, education and research in a caring environment.

Our locally led, non-profit Network is working to preserve access to care that our patients and families need by focusing on wellness, in addition to disease prevention and treatment, while controlling costs.

OUR INTEGRATED HEALTH SYSTEM

- Academic Medical Center, an alliance of UVM Medical Center, the Robert Larner M.D. College of Medicine at the University of Vermont and the UVM College of Nursing and Health Sciences

- 5 Community Hospital Affiliates

- Network Medical Group

- Home Health & Hospice Agency

- Federally Qualified Health Center Partner
