

# The Affordable Medications Program

Find out how you might qualify for help with out-of-pocket costs toward your prescriptions

At the UVM Health Network, we want to make sure that cost doesn't keep you from getting the care you need.

## HOW THE PROGRAM WORKS

- Designed to help low- and middle-income patients obtain their prescriptions at no cost.
- You may qualify, even if you have insurance.

## IF YOU QUALIFY

- All co-pays and costs are waived for both brand name and generic prescriptions. *For example, a family of four with a household income of \$100,000 could save up to \$600 per month on out-of-pocket costs at the pharmacy.*
- Medications are provided by UVM Health Network pharmacies and will be conveniently mailed to your home.
