976
784 faculty physicians and 182 advanced practice providers

1.3M
Patient care encounters at our hospital and clinics, including 56,000 ER visits

UVM MEDICAL CENTER KEY INITIATIVES

- **Ongoing pandemic response:** As Vermont's only Level I Trauma Center and the state's sole Neonatal Intensive Care Unit, we provide high-quality care while helping to address the rapidly evolving needs of the pandemic. Our incident command center is constantly evaluating our hospital's capacity; we brought 40 additional beds online in response to the latest wave of COVID-19.

- **Access Action Plan:** Quick access to health care is an issue throughout the country and our region, and we are working hard to ensure people in our communities receive the care they need in a timely manner. As part of our Action Access Plan, we are taking steps to reduce wait times for speciality care, hire successfully amid a national staffing shortage and increase our hospital inpatient and emergency capacity.

- **National leader in sustainable health care:** We consistently rank in the top 25 hospitals nationwide for leading the industry in innovative sustainabilty, from our green buildings to reducing chemical use to recycling initiatives.

- **Commitment to diversity, equity and inclusion:** We strive to create a culture that is equitable, diverse and inclusive for our employees, patients and the communities we serve. We have much work to do. We created a Diversity, Equity and Inclusion Department, headed by Dr. Marissa Coleman, Psy.D, (pictured), and we continue to host internal listening sessions with employees who identify as Black, Indigenous and People of Color. We are evaluating programs and policies at every level for unintended impacts, and we are planning a regional health equity summit for the fall of 2022.

University *of* Vermont
HEALTH NETWORK

Working together, we improve people's lives.

Our goal is to improve the health of people across Vermont and Northern New York by integrating patient care, education and research in a caring environment.

Our locally led, non-profit Network is working to preserve access to care that our patients and families need by focusing on wellness, in addition to disease prevention and treatment, while controlling costs.

OUR INTEGRATED HEALTH SYSTEM

- **Academic Medical Center, an alliance of UVM Medical Center, the Robert Larner M.D. College of Medicine at the University of Vermont and the UVM College of Nursing and Health Sciences**

- **5 Community Hospital Affiliates**

- **Network Medical Group**

- **Home Health & Hospice Agency**

- **Federally Qualified Health Center Partner**
